	Office Hours:		
Quarter	Summer Intensive	Day/Period	July 1, 2018 - July 14, 2018
Location	TBA	Number of Credits	3
Affiliation	Center for Global Partnerships and Education		
Course description	<p>This two-week intensive program aims to provide students with a unique opportunity to think about what sustainable development is by exploring Setouchi’s past, present and future through an interactive lecture series. The lectures discuss global issues such as community development, resource management, environmental sustainability and tourism development with a focus on Setouchi’s local case. Students will be exposed of various first-hand experiences in the local communities during the course, including fieldwork in the historical Kurashiki town and Naoshima -island, Art Festival site.</p> <p>Students are expected to make a proposal finally to plan for the future development in accordance with its environment, which should be presented at the Summer Student Forum to conclude the course.</p> <p>The course also offers students total 8-hour Japanese language course. Students will enjoy engaging in the Japanese language study in the mornings of Week-1.</p>		
Goal	<p>1. Students are expected to gain first-hand knowledge and understanding of Japanese culture and society through the close case study in Setouchi region with the keen sense of sustainable development of the global community.</p> <p>2. Students should enhance the awareness and ability to think in a practical level of urgent global issues of environment, people, and cultures.</p> <p>3. Students are able to demonstrate the leaning of the language in their living experience in Okayama.</p>
