His Royal Highness Prince Mahidol of Songkla
(1891-1929)

"Let consideration of personal gain take second place to the overall benefit of mankind. Prestige and wealth are the natural rewards for a sincere dedication to work."

The name **"Prince of Songkla"** was bestowed upon the university by His Majesty the late King Bhumibol Adulyadej in honor of his beloved father, His Royal Highness Prince Mahidol of Songkla.

Prince Mahidol was instrumental in developing new curricula for basic sciences and pre-medical education in Thailand. His special endeavors in furthering the advancement of medical education, public health, nursing and medical research, resulted in him being affectionately regarded as **"The Father of Modern Medicine and Public Health in Thailand"**.

Prince Mahidol's teaching of the spirit of brotherhood towards all human beings is still well known today. In the words of his late Professor A.G. Ellis, the then Dean of Siriraj Medical School, Prince Mahidol ***"was born to make the world a better place"***.

Message from the President

On behalf of Prince of Songkla University (PSU), I would like to invite you to our wonderful institution, one of the leading research universities in Thailand and in Southeast Asia. PSU is a public comprehensive institution of higher learning with a long-standing commitment to education for the benefit of humankind, as our motto states "Our Soul is for the Benefit of Mankind".

At PSU, we produce graduates able to compete in the international job market, and therefore, during your studies you will have the chance to apply your knowledge in real life and participate in various community projects. By nurturing the mind and imparting a true sense of social responsibility, we give our students the tools to succeed as professionals in today's dynamic society.

Our five campuses, located in Hat Yai, Pattani, Surat Thani, Trang, and Phuket respectively, offer some of the best teaching facilities in Southeast Asia, with 145 Bachelor's, over 100 Master's and more than 70 Doctorate degrees. All graduate programs in this publication can accommodate international students and the undergraduate programs marked as International and English programs can welcome foreign students.

I am sure that you will love studying at our outstanding university and enjoy the green, multicultural and relaxing setting of our campuses.

I warmly invite you to visit PSU and have a great experience within our friendly community.

Asst. Prof. Dr. Niwat Keawpradub
President of Prince of Songkla University

Introducing Prince of Songkla University

Prince of Songkla University (PSU) was established in 1967 as the first university in southern Thailand. The original aims of the university were to raise the general education standards and support regional industry and development.

Today, PSU is a leading public university, committed to academic excellence, reputable research and innovation. It is one of the nine national research universities, and top 10 comprehensive university in Thailand by Quacquarelli Symonds' ranking.

The university is proud of its distinguished record of achievements in teaching, research,development, and services to community. It has contributed significantly to the development of the country and consistently turned out well-qualified graduates of high-professional standing.

Our Vision

Prince of Songkla University is an educational institution focusing on innovation and society with academic excellence, aiming to become one of the top five universities in ASEAN in 2027.

Our Mission

- **To build academic leadership and innovation** through research for developing the country in general and the southern region of Thailand in particular, creating a linkage to the society and global network.
- **To produce globally-recognized graduates** with academic and professional competence, honesty, discipline, public service mindset and practical skills for the 21st century, based on experience gained from practice.
- **To develop the university into a society of learning** based on a multi-cultural background and sufficiency economy principles, and allow the general public easy and convenient access to learning and gain from whatever forms and sources of knowledge are available at the university.

Honorary Doctorate Degrees to Great World Leaders

- **Honorary Doctorate Degree** in Islamic Studies conferred upon the late Grand Sheikh of AlAzhar University, Cairo, Egypt (26 June 2007)
- **Honorary Doctorate Degree** in Political Science conferred upon His Majesty Yang di-Pertuan Agong of Malaysia (11 March 2009)
- **Honorary Doctorate Degree** in Political Science conferred upon His Highness Shaikh Khalifa bin Salman al Khalifa, the Prime Minister of the Kingdom of Bahrain (13 August 2009)
- **Honorary Doctorate Degree** in Islamic Studies conferred upon His Eminence Prof. Dr. Ahmad Muhammad Ahmad Al-Tayyeb, Grand Imam Sheikh of Al-Azhar (October 9, 2017)
- **Honorary Doctorate Degree** in Science (Agriculture) conferred upon His Majesty King Letsie III of The Kingdom of Lesotho (September 12, 2019)

Outstanding Programs

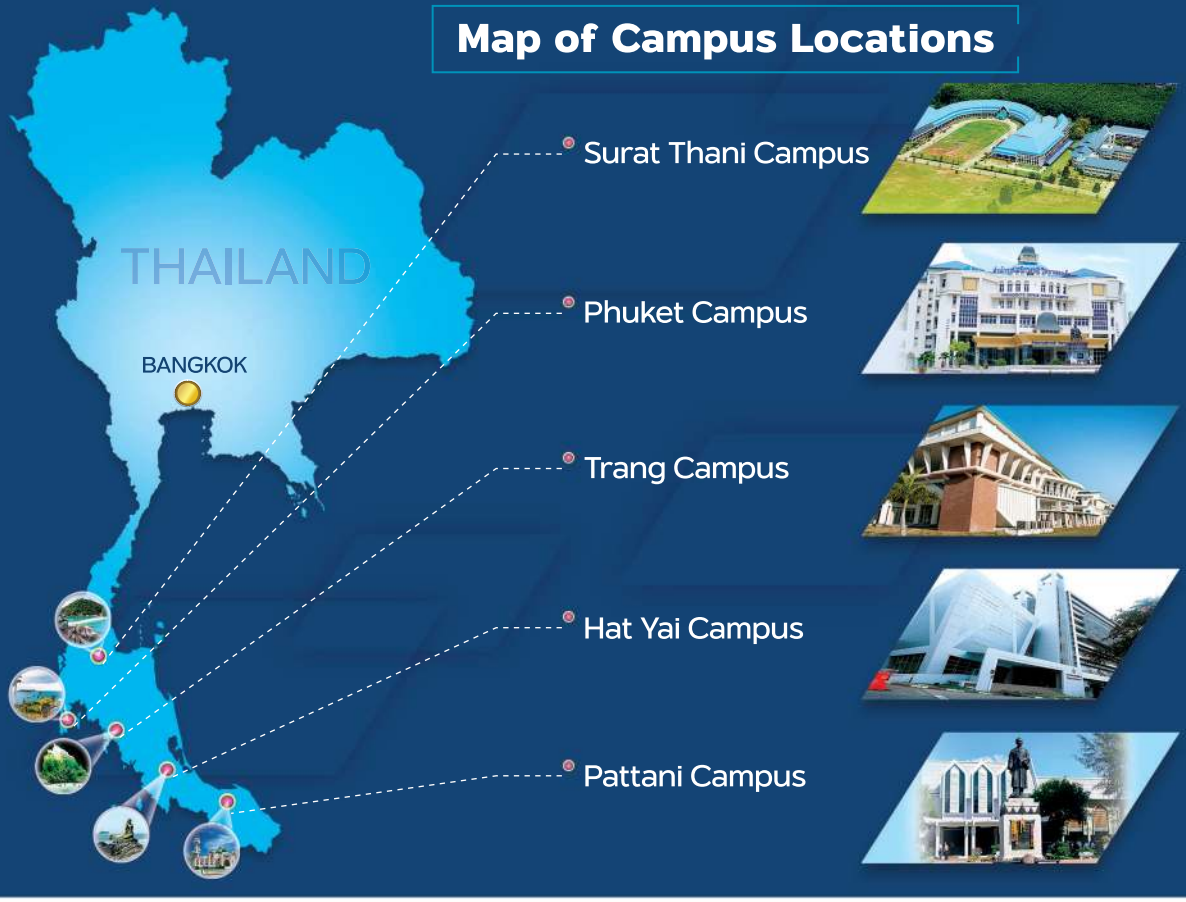
Prince of Songkla University is known and admired as a leading educational institution, not just in Thailand, but widely recognized in the ASEAN region. This reputation, combined with the potential of our high-quality researchers and academics, results in the academic excellence of PSU in several notable programs that attract students from all over the world. Here are some of our outstanding disciplines:

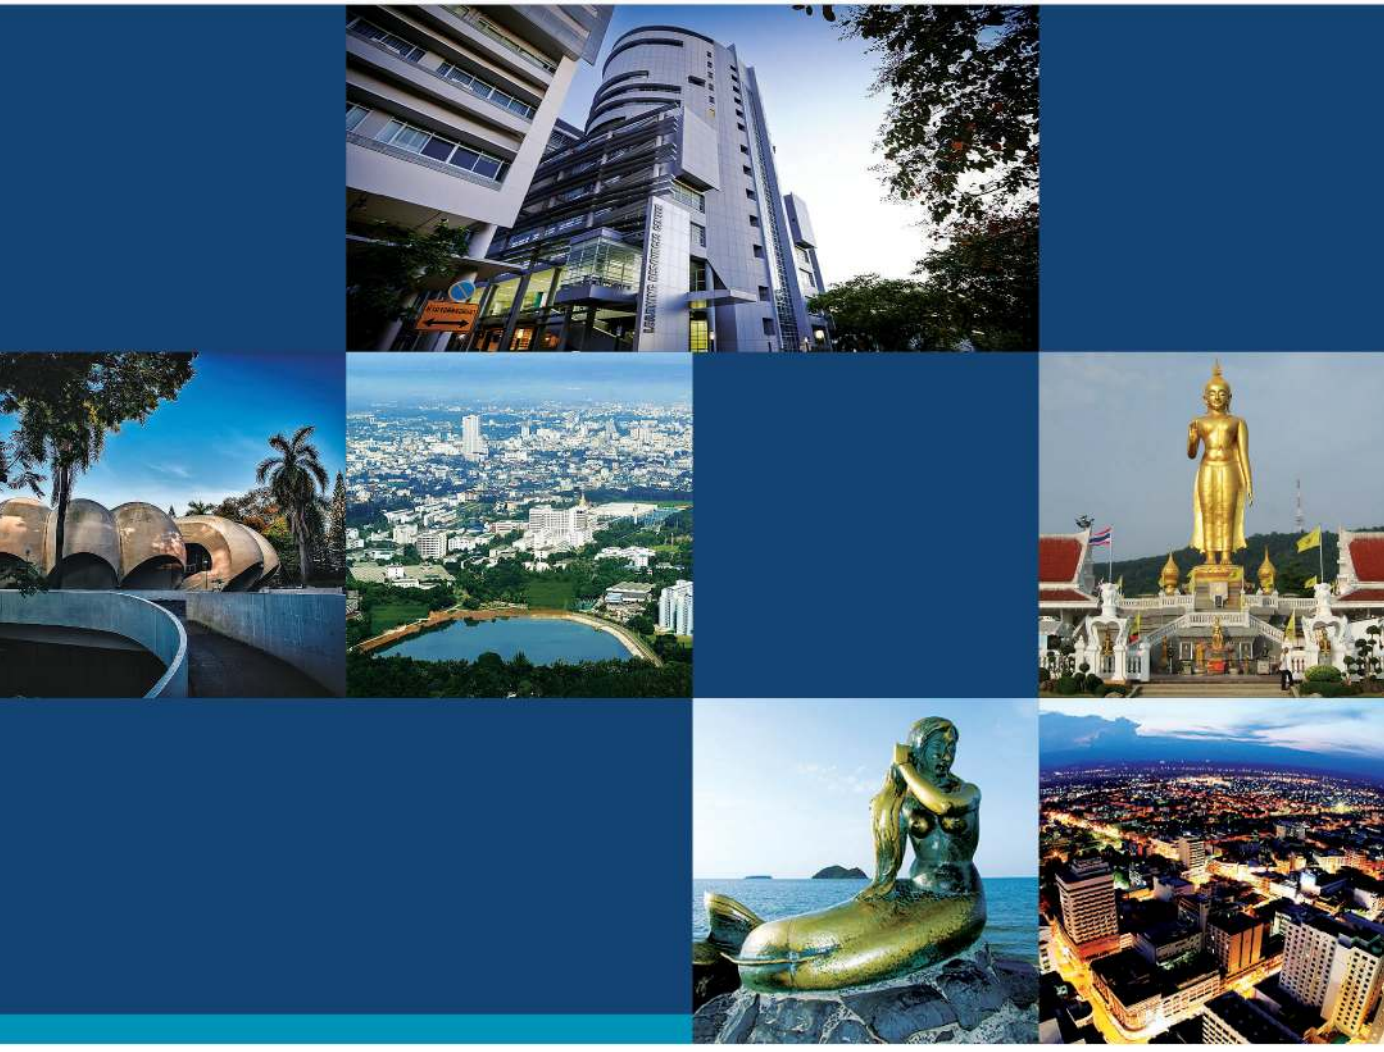
- **Agro-Industry**
- **Biochemistry**
- **Biodiversity**
- **Biotechnology**
- **Chemical Engineering**
- **Energy**
- **Epidemiology**
- **Food Technology**
- **Hospitality and Tourism Management**
- **Islamic Studies**
- **Natural Products**
- **Natural Rubber**
- **Nursing**
- **Palm Oil**
- **Pharmaceutical Sciences**

Campuses

PSU is a multi-campus institution with more than 35,000 students, inclusive of international students from 53 nations, and over 2,000 academic staff. Each campus is committed to academic excellence, strong social responsibility and active engagement in community services. The total area of the five campuses is 622 hectares (3,887 Rai).

Map of Campus Locations





Hat Yai Campus

PSU's main campus is located in the busy, commercial city of Hat Yai in Songkhla province, the hub of trade and economy of the major provinces in the Lower South. Hat Yai campus, with its attractive landscape, provides a serene setting ideal for education and learning and is the center of various disciplines, including Health Science, Science and Technology, Engineering, Management Sciences, Liberal Arts, Economics, Law, Natural Resources, Environment Management, and Agro-Industry.

The city of Hat Yai is about 60 km from the Malaysian border, one hour flying from Bangkok and 30 km from the beautiful tropical long beaches of Songkhla. It is a modern city, with a vibrant mix of Thai, Chinese, and Malay influences, making Hat Yai a thrill to visit with many cultural and modern entertainment attractions.

Pattani Campus

Pattani Campus, situated on the seafront in Pattani Province, is a campus with a multicultural society, the center of diverse cultures and traditions, and rich in resources. It offers education in Social Sciences, Humanities, Fine and Applied Arts, Political Science, Education, Islamic Studies, Communication Technology, Nursing, Rubber and Polymer, Food Technology and Fisheries, corresponding with the context of resources and cultural life of residents of the Lower South, with their own identities. One of the main studying features of the Pattani Campus is that it embraces the College of Islamic Studies where Arabic, Islamic theology and Shari'ah subjects are in high demand.

Pattani is the Muslim center of the South and home to hundreds of elegant mosques like Pattani Central Mosque, the largest and most beautiful mosque in Thailand. There is a strong economy revolving around seafood and a thriving handicraft cottage industry, with batik, artificial flowers, woodcarvings and wickerwork, the main items made for export.

Phuket Campus

Phuket Campus is set on the island of Phuket, also known as the Pearl of the Andaman Sea. The island is well-known worldwide for being a tourist attraction and a busy center of hotel industry and services that suit both national and international tourism. Thus it is not surprising that Phuket campus concentrates on teaching and learning in Tourism and Service Industry, Foreign Relations, Information Technology, Environment and Earth Science, and aims to be an international campus, befitting the status of Phuket as a world-class tourist resort. In response to government's policy, the campus is also promoting the software industry.

Phuket is Thailand's largest island and enjoys great popularity as a travel destination. Famous for its beautiful beaches, stunning tropical sunsets and warm blue seas, excellent offshore dive sites and superb sailing opportunities, Phuket is Thailand and the world's premier holiday resort.

Surat Thani Campus

Surat Thani Campus, established in the cultural and economic center of the upper southern provinces, offers education services in Science and Industrial Technology, Liberal Arts, and Management Sciences, in support of the growth in industrial businesses of the Upper South. It is a leading tertiary education center of the Upper Southern Thailand with the mandate to produce competent graduates, to provide academic services to community, and to preserve the heritage in arts and culture.

Surat Thani is the largest southern province of Thailand, located on the eastern shore of the Gulf of Thailand, and is a gateway to the islands of Thailand's eastern coast: Ko Samui, Ko Tao (great for scuba diving), and Ko Phangan, and also to the natural beauty of several National Parks, such as Khao Sok and Mu Ko Ang Thong. Surat Thani is also famous for coconuts, mainly picked by pigtailed monkeys, which are trained in special schools around the province.

Trang Campus

Trang Campus, situated on a plain in the most populated province of the West Coast of the South, focuses on education in Commerce and Management, and in Architecture, to support trade and investment in the region and contribute to society through careful planning and design methods.

Trang is famous for its many islands with white-sand beaches and for beautiful views and underwater scenery at numerous offshore islands. The underwater world in Trang is so popular that it is the venue for an annual underwater wedding ceremony, with couples coming from around the world to get married in scuba gear on Valentine's Day. Caves, lakes, waterfalls and hot springs are plentiful within the province.

Facilities on Campus

At PSU, one can enjoy excellent teaching and learning facilities, outstanding sports provisions and the opportunity to join one of the multicultural student clubs and societies. Opportunities to attend plays, concerts, films, recitals, and other cultural gatherings are frequently available.

Services and General Facilities

- Excellent teaching and learning facilities
- Libraries
- Dormitories
- Free campus bus service
- Campus-wide Wi-Fi Internet access
- Computer Center
- Cafeterias and food centers
- Full medical and dental facilities
- Information centers
- Counseling and student advisor
- Campus stores and bookshops
- Multicultural student clubs and societies
- Banking facilities
- Post Office
- International Convention Center
- Muslim prayer rooms
- Childcare services (Hat Yai and Pattani)
- Laundry services

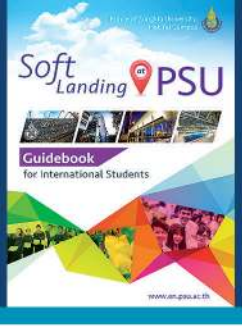
Sporting Facilities

World-class sports infrastructure of PSU:

- fully-equipped gymnasiums
- sport courts (tennis, basketball, badminton, volleyball, takraw, petanque)
- Olympic-size swimming pool
- fitness center
- areas for aerobics and Tai Chi classes
- multi-purpose playing fields
- various sport clubs

As a national research university, Prince of Songkla University has prepared comprehensive infrastructure for research works:

- a modern center of scientific equipment operating around the clock,
- a high-performance information technology network,
- an online library and an audio-visual system for learning,
- state-of-the-art specialized laboratories in numerous fields.



International Students

Whether you are looking for an undergraduate or postgraduate degree, PSU offers a range of opportunities and support services, with friendly staff and several useful resources, in order to help you succeed and achieve your academic goals.

Resources, like the **Soft Landing at PSU** guidebook, include useful information on pre-departure arrangements, travelling and life in Thailand, accommodation, food, medical services, culture shock, etc., for helping our international staff and students enjoy a comfortable and satisfying stay. More resources and information are available on the website of the International Affairs Office, at www.interaffairs.psu.ac.th.

Moreover, International Affairs officers are appointed at every PSU faculty to help you with course information, application forms, visa issues, orientation, and health and accident insurance. They are available at all times to offer you assistance and support.

The International Students Association provides a wealth of opportunities for networking, socializing and making friends through social and cultural activities. One may find more information at www.isa.psu.ac.th.

Come join us at PSU!

Soft Landing at PSU

Application Procedures

1. Undergraduate Admissions: application via e-mail

- Obtain an application form by sending an e-mail to the relevant faculty (www.en.psu.ac.th).
- Attach certified/attested copies of your academic records, official examination certificates and, if appropriate, evidence of your English language proficiency such as IELTS or TOEFL.
- Send the application form, documentation and application fee to the faculty. Address details can usually be found on the back of the Application Form.
- If you meet the entry requirements, you should receive a formal Acceptance Letter within three weeks. This letter will include information on the program and starting date, and it must be used to obtain the Non-immigrant "ED" Visa from the Royal Thai Embassy or Consulate in your country for entering Thailand for study.

Undergraduate Admissions

2. Graduate Admissions: online application

- The application for graduate programs at PSU must be done on-line on the website of the PSU Graduate School at https://www.grad.psu.ac.th/en/ or https://gradmis.psu.ac.th/admission/home.php.
- If you meet the entry requirements, you should receive a formal Acceptance Letter within three weeks. This letter must be used to obtain the Non-immigrant "ED" Visa from the Royal Thai Embassy or Consulate in your country for entering Thailand for study.

Graduate Admissions

** depending on the program, the faculty may schedule an online interview before confirming the admission.*

Important: A non-immigrant "ED" visa and an international health & accident insurance must be obtained before entering Thailand!

International and English Programs

All Master's and Ph.D. programs available in this publication can accommodate international students: https://grad.psu.ac.th/en/prospective-students/curriculum.html

Undergraduate Programs in English:

Hat Yai Campus:

- B.B.A. in Management (Faculty of Management Sciences)
- B.Eng. in Rubber Engineering and Technology (Sino-Thai International Rubber College)
- B.Sc. in Biology (Faculty of Science)
- B.Sc. in Biotechnology (Faculty of Science)
- B.Sc. in Digital Media (International College)
- B.Sc. in Information and Communication Technology (Faculty of Science)

Pattani Campus:

- B.A. in Islamic Studies (College of Islamic Studies)

Phuket Campus:

- B.A. in International Business: China (Faculty of International Studies)
- B.A. in International Studies (Faculty of International Studies)
- B.B.A. in Hospitality Management (Faculty of Hospitality and Tourism)
- B.B.A. in Service Innovation Management (Faculty of Hospitality and Tourism)
- B.B.A. in Tourism Management (Faculty of Hospitality and Tourism)
- B.Eng. in Digital Engineering (College of Computing)
- B.Sc. in Digital Business (College of Computing)

Surat Thani Campus:

- B.A. in Chinese for Business Communication

Hat Yai Campus

Doctor of Dental Surgery:

6-year Bachelor Degree

Higher Graduate Diploma in Clinical Sciences:

- Oral and Maxillofacial Surgery

Training Program Certificate:

- Oral and Maxillofacial Surgery
- Orthodontics
- Prosthodontics
- Dental Public Health
- Pediatric Dentistry

Master of Science:

- Oral Health Sciences
- Oral and Maxillofacial Surgery
- Oral Cell Biology and Biomaterials Science

Doctor of Philosophy:

- Oral Health Sciences

Bachelor of Engineering:

- Biomedical Engineering
- Chemical Engineering
- Civil Engineering
- Computer Engineering
- Electrical Engineering
- Environmental Engineering
- Industrial Engineering
- Manufacturing Engineering
- Materials Engineering
- Mechanical Engineering
- Mechatronics Engineering
- Mining Engineering

Master of Engineering:

- Chemical Engineering
- Civil Engineering (Transportation, Structural and Geotechnical Engineering)
- Computer Engineering
- Manufacturing Engineering
- Mechanical Engineering
- Mining Engineering
- Materials Engineering
- Electrical Engineering
- Logistics and Supply Chain Engineering
- Industrial Management Engineering
- Environmental Engineering
- Energy Technology
- Industrial and System Engineering

Master of Science:

- Management of Information Technology (Special Weekend Program)

Doctor of Engineering:

- Chemical Engineering
- Civil Engineering
- Computer Engineering
- Mechanical Engineering
- Mining and Materials Engineering
- Electrical Engineering
- Industrial and Systems Engineering
- Environmental Engineering
- Energy Technology

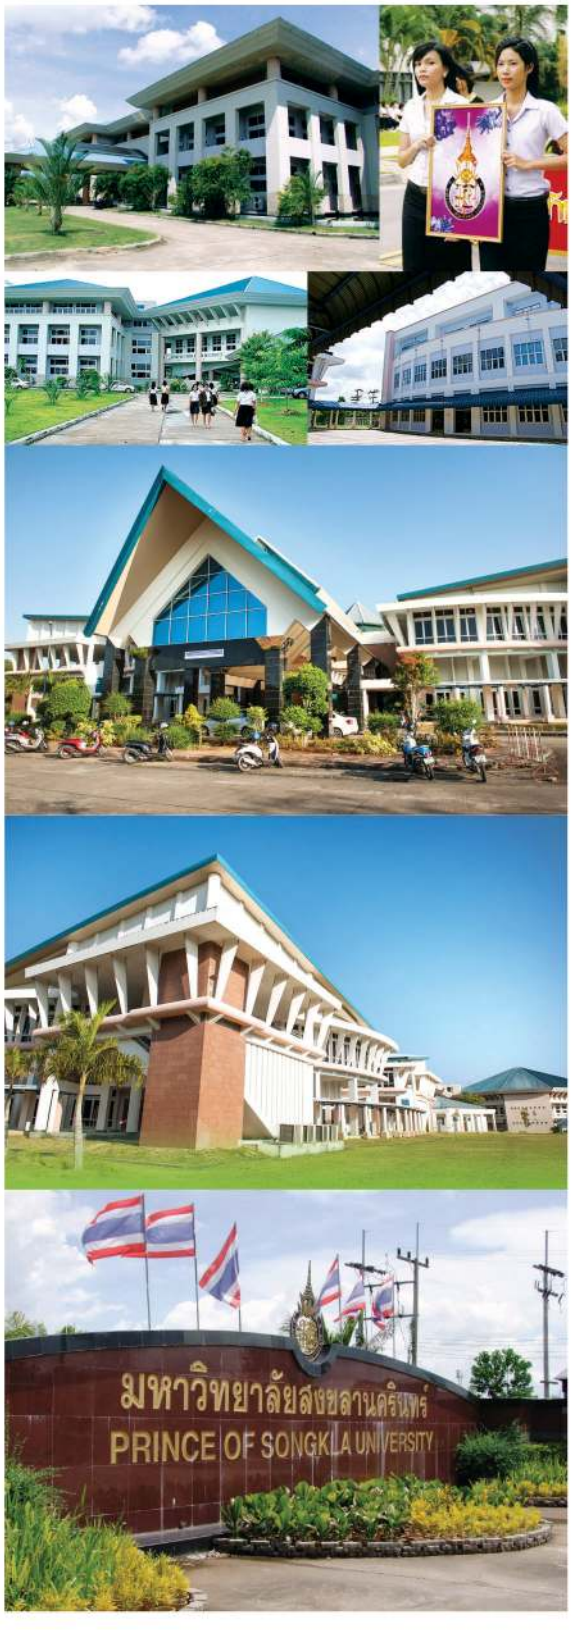
- Performing Arts and Management

Bachelor of Arts:
- Business English

Master of Business Administration (MBA):
- Management of Business Information Technology
- Accounting and Finance for Management



Outstanding Research and Expertise

As a research university, PSU allocates substantial funding into the provision of the best research equipment and facilities. Students are actively encouraged to participate in the multitude of research projects undertaken at each faculty. A solid education based on a research-linked degree provides PSU's graduates with clear advantages in the global labor market.

Main Research Areas

Science and Technology		Health and Medical Research	Socioeconomic Development
Resources and Environment	**Industry and Engineering**		
• Aquaculture / Livestock • Biodiversity • Coastal / Wetlands • Disaster Prevention and Mitigation • Geographic Information System • Natural Products Industry • Pattani Bay, Ban Don Bay • Rubber / Tropical Fruits • Songkhla Lake Basin • Urban Environment	• Biomedical Engineering • Biotechnology • Clean Technology • Computer Science and Engineering • Energy / Alternative Energy • Engineering Consultancy • Membrane Technology • Palm Oil • Rubber Wood • Urban Traffic • Waste Management	• Caries / Erosion • Childhood Acute Renal Failure • Dental Materials • Drug Delivery • Epidemiology • HIV / AIDS • Infectious Diseases • Oral Microbiology • School-based Program for Prevention of Obesity at Preschool Children • Southeast Asian Ovalocytosis in Thai • Southern Medical / Dental Service Centers • Substance and Alcohol Research • Thalassemia	• Chinese Studies • Environmental Education • Handmade Cloth and Fabric • Indonesia-Malaysia-Thailand-Growth Triangle • Islamic Economics, Banking and Finance • Islamic Studies • Local Wisdom • Peace Studies • Teacher Education • Thai Studies • Tourism and Hospitality Studies

For more information: **http://rdo.psu.ac.th**

Centers of Expertise

PSU's active research networks are composed of Centers of Excellence, Research Centers, Research Units and other Expertise Centers and Institutes. Some of them are:

Faculty of Agro-Industry

- Fishery biochemistry laboratory for research
- Food product development laboratory for research
- Sensory and shelf-life evaluation laboratory for research
- Food processing and engineering laboratory for research
- Food microbiology laboratory for research
- Foodborne pathogens laboratory for research
- Packaging innovation and design laboratory for research
- Bioprocess engineering laboratory for research
- Environmental biotechnology laboratory for research
- Marine biotechnology laboratory for research
- Genetic and enzyme laboratory for research
- Agro-industry development center for export (ADCET)

Faculty of Dentistry

- Common Oral Diseases and Epidemiology Research Center
- Cranio Maxillofacial Hard Tissue Engineering Center
- Dental Materials Research Unit
- Maxillofacial Prosthodontics Rehabilitation Research Unit
- Advancing Orthodontic Tooth Movement Efficiency Research Unit
- Surgical Orthodontics Research Unit

Faculty of Education

- Research Center for Educational Innovations and Teaching and Learning Excellence
- Sustainable Development Education in Multicultural Society Research Center

Faculty of Engineering

- Energy Technology Research Center
- Center of Excellence in Materials Engineering
- Intelligent Automation Research Center
- Center for Network Research
- Specialized Research and Development Center for Alternative Energy from Palm Oil and Oil Crops
- Center of Excellence for Rehabilitation Engineering
- Center of Excellence for Wireless Sensor Network
- Rubber Technology and Management Research Team
- Thermal-Fluid Engineering Research Team
- Sustainable Waste Management Research Team
- Business Logistics and Supply Chain Management Research Team
- Ergonomics and Safety Technology Research Team
- Air Pollution and Health Effect Research Center

Faculty of Environmental Management

- Southern Regional Geo-Informatics and Space Technology Center: SOUTHGIST
- Center of Excellence on Hazardous Substance Management (HSM), Southern University Consortium, PSU
- Geo-Informatics Research Center for Natural Resources and Environment
- The Integrated Ecotourism Management in Southern Thailand Research Center
- Wetlands Research Center
- Environmental Assessment and Technology for Hazardous Waste Management Research Center
- Studies Center of Earth System Environment
- Environmental Economics Research Unit
- Social Sciences for Environmental Management Research Unit
- Environmental Laboratory Center
- Care Utapao Basin Project
- Songkhla Lake Basin Project

Faculty of Hospitality and Tourism

- Research Clinic of the Faculty of Hospitality and Tourism
- FHT Research Fund

Faculty of International Studies

- FIS Research Fund
- Office of Community Service and Translation

Faculty of Law

- Research Unit for Public Law and International Law
- Center for Conflicts of Law
- Specialized Research and Development Center for Public International Law for Human Rights

Faculty of Liberal Arts

- Translation Center
- English Language Testing Center
- Confucius Institute at Prince of Songkla University
- English Clinic

Faculty of Liberal Arts and Management Sciences

- Research Unit for Local Government Administration Innovation

Faculty of Medicine

- Medical Information Center
- Tanyawej Breast Center
- Trauma Center
- PSU Cancer Center
- Institute of Gastroenterology and Hepatology
- Palliative Care Unit
- Southern Medical Rehabilitation Center
- Naradhiwas Rajanagarindra Heart Center
- Intervention Radiology
- Neonatal Care Center
- Research Center for Cancer Control in Thailand
- Medical Products Innovations from Polymers in Clinical Use Research Unit
- Kids and Youth Development Research Unit

Faculty of Medical Technology

- Center for Medical Laboratory Service

Faculty of Natural Resources

- Agricultural Systems, Resources and Environmental Research Center
- National Biological Control Research Center Southern Regional Center
- Small Ruminant Research and Development Center
- Tropical Fruit and Plantation Crop Research Center
- Aquatic Animal Health Research Center
- Oil Palm Research and Development Center
- Center of Excellence in Agricultural and Natural Resources Biotechnology
- Discipline of Excellence: Sustainable Aquaculture

Faculty of Nursing

- Research Center for Prevention and Care for People in Emergency and Trauma

Faculty of Pharmaceutical Sciences

- Drug Information Center
- Southern Center of Thai Traditional Medicine
- Center for Bioequivalence Studies (Thai Food and Drug Administration Network)
- Drug Delivery System Excellence Center
- Phytomedicine and Pharmaceutical Biotechnology Excellence Center
- Marine Natural Products Research Unit
- Pharmaceutical and Biomedical Polymers Research Unit

Faculty of Political Science

- Center for Conflict Studies and Cultural Diversity (CSCD)

Faculty of Science

- Center of Excellence for Biodiversity of Peninsular Thailand
- Natural Products Research Center of Excellence
- Center of Excellence in Nanotechnology for Energy
- Center for Genomics and Bioinformatics Research
- Center of Excellence in Membrane Science and Technology
- Center of Excellence for Trace Analysis and Biosensor
- Geophysics Research Center
- Innovative Information Technology Research Unit for Health Science and Society
- Research Unit for EEG Biomarkers of Neuronal Diseases
- Gut Biology and Microbiota Research Unit
- Algebra and Applications Research Unit
- Food Safety and Health Research Unit
- Applied Analysis Research Unit

Faculty of Science and Industrial Technology

- Economics Plant of Surat Thani Province Research Unit

Faculty of Science and Technology

- Center of Excellence in Natural Rubber Technology
- Ecological Aquaculture Research Unit
- Ecotoxicology Research Unit
- Plant Tissue Culture Unit
- Analytical Chemistry and Environment Research Unit
- Thermoplastic Elastomer Research Unit
- Islamic Astronomy Research Unit

Faculty of Technology and Environment

- Andaman Environment and Natural Disaster Research Center (ANED)
- Biotechnology of Electro-mechanics Research Unit (BTEM)
- Integrated Science and Technology Research Center (Applied Chemistry / Environmental Management and Software Engineering)
- Remote Sensing & Geo-Spatial Science Research Unit

College of Computing

- Animation & Multimedia Technology Center (AMTEC)

Institute for Peace Studies

- Contemplative Education Center
- Islamic Perspective for Peace and Development Center
- Conflict Management Center
- Human Rights Center
- Research Unit for Peace Studies for Development

Marine and Coastal Resources Institute (MACORIN)

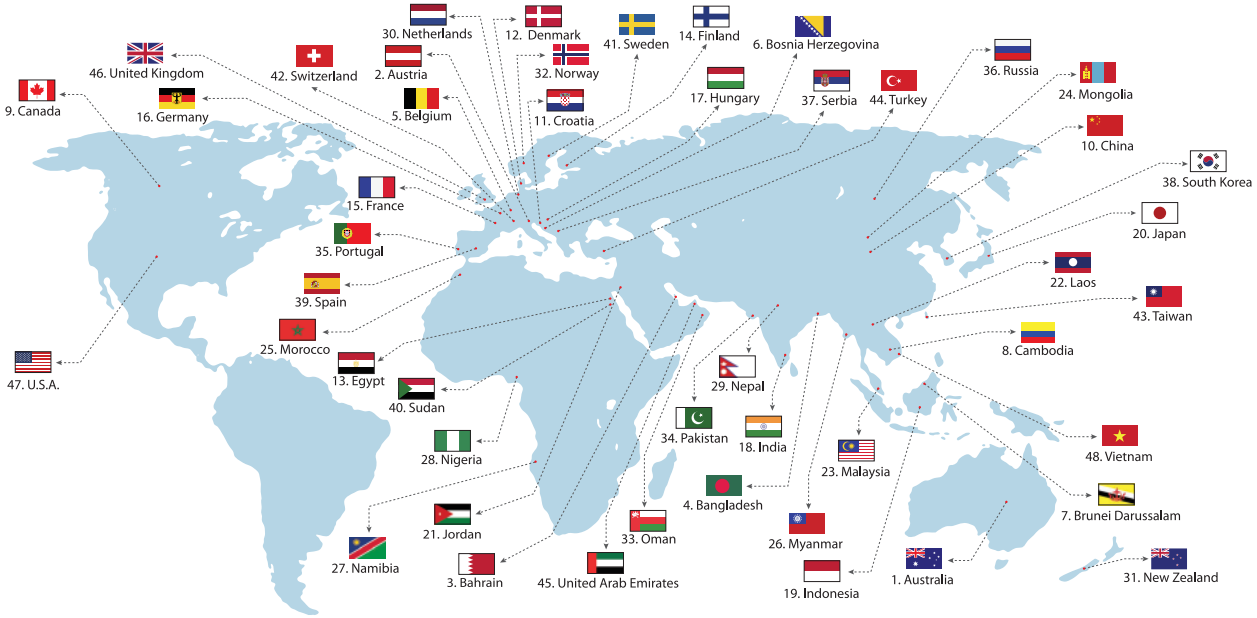
- Coastal Oceanography and Climate Change Research Center

Business Incubation Center
High-caliber DNA Forensic Center
Princess Maha Chakri Sirindhorn Natural History Museum

International Relations and Networking

PSU has more than 500 MOUs for cooperation with worldwide universities and institutes in 48 countries, including international agencies.

International agencies: FAO, WHO, UNDP, UNEP, UNESCO, IRRI, SEAMEO, SEARCA, BIOTROP, IUCN, SEAFDEC, ICLARM, NACA, EU, HANBAN, WI, ACIAR (Australia), ASS (Austria), IDRC (Canada), USAID (U.S.A.), JSPS (Japan), JICA (Japan), DANCED (Denmark), GRET (France), GTZ (Germany)



1. Australia
2. Austria
3. Bahrain
4. Bangladesh
5. Belgium
6. Bosnia Herzegovina
7. Brunei Darussalam
8. Cambodia
9. Canada
10. China
11. Croatia
12. Denmark
13. Egypt
14. Finland
15. France
16. Germany
17. Hungary
18. India
19. Indonesia
20. Japan
21. Jordan
22. Laos
23. Malaysia
24. Mongolia
25. Morocco
26. Myanmar
27. Namibia
28. Nigeria
29. Nepal
30. Netherland
31. New Zealand
32. Norway
33. Oman
34. Pakistan
35. Portugal
36. Russia
37. Serbia
38. South Korea
39. Spain
40. Sudan
41. Sweden
42. Switzerland
43. Taiwan
44. Turkey
45. United Arab Emirates
46. United Kingdom
47. U.S.A.
48. Vietnam

International Training: Environmental Planning and Management, Coastal Zone Management, Epidemiology, STD/ AIDS, Thai Studies

PSU at a Glance

In 2019, Prince of Songkla University:

- has 39 faculties, colleges and institutes offering over 300 programs of study, from Bachelor's degree to Post-doctoral level
- teaching is conducted by over 2,500 academic staff, with 65% Doctoral degree holders
- has produced more than 100,000 graduates
- has more than 35,000 current students

Programs of Study offered in 2019

Bachelor's	145
Master's	116
Doctorate	75
Graduate Diploma	4
Total	**340**

Student Enrollment in 2019

By Campus	
Hat Yai	18,133
Pattani	8,339
Phuket	2,488
Surat Thani	3,813
Trang	2,736
Total	**35,509**

By Level of Study	
Bachelor's	31,941
Master's	2,252
Doctorate	846
Graduate Diploma	356
Higher Graduate Diploma	114
Total	**35,509**

Academic Staff in 2019

By Campus	
Hat Yai	1,569
Pattani	550
Phuket	164
Surat Thani	177
Trang	97
Total	**2,557**

By Degree Held	
Doctorate	1,672
Master's	785
Bachelor's	100
Total	**2,557**

Supporting Staff in 2019

By Campus	
Hat Yai	7,736
Pattani	826
Phuket	220
Surat Thani	243
Trang	91
Total	**9,116**

International Students in Academic Year 2019

By Level of Study	
Bachelor's	345
Master's	235
Doctorate	187
Total	**767**

Top 5 Countries for Inbound Students
